

# A Few Questions...

## **How to Fix a Crowded World: Add People**

1. Should we be worried about low fertility rates?
2. How do you suppose the United Nations obtains the fertility rates presented in the article?
3. According to the article, the extra “.1” in the replacement rate of “2.1” is “to account for childhood deaths”. Is this a reasonable adjustment to make?
4. How many children do you plan to have?

## **Polls, Polls, Polls!**

1. Are you a “likely voter”?
2. Who’s going to win the New Jersey gubernatorial race?
3. Do you trust the Post/Fox 5 rolling tracking poll?
4. Can you make any sense of John Zogby’s claim that “The lead is changing hour by hour...”?
5. If you were running for public office, would you hire John Zogby to perform polls for you?
